A woman goes to the doctor for her yearly physical. The nurse starts with the basic items. "How much do you weigh?" she asks. "115," she says. The nurse puts her on the scales. It turns out her weight is 140.

The nurse asks, "Your height?" "5 foot 8," she says. The nurse checks and sees that she only measures 5'5".

She then takes her blood pressure and tells the woman it is very high. "Of course it's high!" she screams. "When I came here I was tall and slender! Now I'm short and fat!"
